

Kadarka & Vranec

Red Semidry

An excellent everyday, perfectly harmonized red wine made from a combination of grapes from the Vranec and Kadarka varieties grown in Macedonian Tikves vineyards. Delicately semi-dry, it delights with its ruby red color and rich aroma full of juicy red fruits with a noticeable hint of plums in the background. Ideally served as an aperitif accompanied by grilled meat and cheese-based dishes. Serve at 16-18°C.
