

Ponte

Ponte Portugal Fernão Pires Arinto

White Dry

This wine was crafted from Fernão Pires grapes, the most common variety in the south of Portugal, and Arinto grapes that are grown across Portugal. It will delight you with its light, straw colour and captivating, intensely floral aromas with hints of tropical fruit and balanced flavours highlighted by a pleasant finish. A perfect choice to pair all sorts of white meat based foods, fish and seafood. Serve at 10-12°C.
