

Portada

Portada

White Dry

This is a fresh and light wine made from the grapes grown in the region of Lisboa, squeezed between the River Tejo and the Atlantic Ocean. Warm, sun-soaked days and ocean breeze make the grapes incredibly sweet and juicy, ideal for the highest quality wines. Our Portada will mesmerise you with its straw colour and golden highlights - you will be tempted by its refreshing flavour of apples and citrus fruit. Perfect as it is or to accompany all sorts of fish, poultry, seafood, and exotic dishes. Serve at 10-12°C.
