

Africant

Africant Coffee Pinotage

Red Dry

An extraordinarily rich wine created from grapes of the Pinotage varietal grown in sunny South African vineyards. The nose and mouth are dominated by fruity aromas of ripe, but still juicy, red berries and plums, interwoven with captivating notes of coffee and chocolate, achieved through properly toasted oak. The coffee style of Coffee Pinotage is gaining a growing following, and this wine is the perfect companion to grilled meats, lamb and beef.
