

Tokaji Late Harvest

Tokaji Late Harvest Hárslevelu, Furmint

White Sweet

This sweet wine was made from the ideally ripe and sweetness soaked Hárslevelu variety grapes which we harvest later than usual to extract their best characteristics. It stands out for its fruity flavours with distinctive notes of apricot, fig, pineapple, and citrus fruit topped with hints of honey, raisins, and oriental spice. Mineral and generous on the palate to become an ideal pairing with sweet sauces and all sorts of desserts. Serve at 12°C.
