

Rex Honestus

Miód Pitny Rex Honestus

White Sweet

The most exquisite mead, with a perfectly harmonized, herbal and spicy aroma, made from the highest quality honey. It is produced on the basis of traditional recipes, the secrets of which boil down to, among other things, aging in abysmal oak barrels for a period of many years. In its volume it hides 2/3 natural bee honey and 1/3 other components necessary for its creation.
