

Black Doktor

Black Doktor Spumante

White Semidry

A wine made from grapes harvested from vineyards located in Codria Moldovei, Onești - a micro-zone with the best conditions for the production of sparkling wines. The exquisitely pearling bubbles of our Black Doktor sparkling wine will make even an ordinary day into a holiday full of sunshine and joy. A complex bouquet of fresh green apple notes and pear sweetness reveals the best qualities of the Chardonnay and Pinot Blanc grapes. Subtle aromas of vanilla and honey are a kind of complement to the elegant structure of the finish.
