

Piwnica Klasztorna

## Piwnica Klasztorna Trójniak

White Sweet

Distant records, meticulously kept in monasteries, allowed the creation of the recipe for the triple-beer Monastery Cellar. In its volume it hides in its third part honeys from the best apiaries. Its strong and strong aroma and unique flavor remain in the memory for a long time. We recommend serving it hot or as an accompaniment to teas on cold days, while on sunny and warm days it is properly cooled or with the addition of water and a few ice cubes.
